<p>Dear Daddy,</p> <p>Isn't that a fine view thru the porte? The tower in the distance is one guarding the Rhône built by Philip the Fair, when his kingdom did <u>not</u> extend across the river. Old castles circa 1300 A.D. are like gas stations at home, in this region. Having fine time, etc. etc.</p> <p style="text-align: right;">Love ME</p>
