My dear William:

We have been hoping to receive a letter from you but none so far. One came for Janie just after she went to Washington and I forwarded it on to her.

Bud Francis expect to return within the next day or so and I will write a few lines for him to carry back to you just to let you know that we are still doing our best to carry on.

The merchandise situation grows more serious every day and as I have said before I do not know what we are going to do to continue in business. The war looks very bad in Russia at this writing, while the English seem to be holding in Africa.

I am enclosing with this your insurance notice and as it carries thirty days grace, you will be able to get it back in time.

Dr. Hatch has had the optical company in Columbus trace the glasses but so far there is no word. Bud just came in and is on his way to Morgantown on his way back, so I shall have to close this now.

With all of our love and best wishes, I am,

Yours,

*Lead dy*

P.S. Janie's address is Mrs. ~~W.~~ Norman K. Drake, 916 -16th St, N.W. Washington, D.C.
