Dear William:

We enjoyed your two letters of Mar. 25 & Apr. 9 which reached us within a couple of days and we are so happy to realize just how contented you are. The Christmas boxes certainly must have traveled extensively for the other one was returned here the other day - You may receive it by next Christmas - at the rate things travel these days.

And speaking of travel,
it is just one of those
things you don't do if
you can help it.
We took a jaunt to
Cleveland for Grand
Opera when the Met
was there for its annual
spring season. We had
been invited last year
to hear Lily Pons in "Daughter
of the Regiment" but
couldn't go for some
reason or other so
we felt we had to accept
the renewed invitation
this year. Saw "Il
Trovatore" which is
about the last opera I
would choose to see

has been "tapped" as they
say nowadays for two
honorary societies - one
musical & one literary
for outstanding writing
ability - she was feature
story editor of the

B+ average I guess we
can be satisfied with
her year. Most difficult
was her social adjustment
to girls & boys of her own
age and the whole thing
was a nervous strain.
She starts her Soph. year
July 1 - might as well
do that as to accomplish
nothing.
Do you know that

John & Eva Montgomery

very old yet! She is with
him at the camp &
when the baby decided
to arrive John was in
Mexico with the staff
accompanying Pres.

Our village is very
quiet & almost devoid
of familiar faces in the
younger generation.

house on Hudson is
renting for \$75.00 a month
just as it is with no
improving or repairs
except a coat of paint -
