Dear Mamma,

I was horrified when I realized I hadn't told you how much I enjoyed receiving the lovely blue polka-dot dress gown. We tried to find something like it in Lisbon, but after calling at every store in town, I gave it up as a bad job. Besides being beautiful, the dressing gown is nice and light and ideal for this climate. It's good that Philinda has one like it; we look like a couple of twins.

Dear Mamma,

I was horrified when I realized I hadn't told you how much I enjoyed receiving the lovely blue polka-dot dress gown. We tried to find something like it in Lisbon, but after calling at every store in town, I gave it up as a bad job. Besides being beautiful, the dressing gown is nice and light and ideal for the climate. It's good that Philinda has one like it; we look like a couple of twins.

We are having lots of rain now which rather hinders our trips to the beach and the

open-air movies. June is supposed to be the rainiest month here. It averages 17.6 inches of rain as compared to 10.5 in May and 11.61 in July. About the middle of July the rains diminish and then comes the best part of the year in Lagos - cool but sunny. It is much like nice September weather at home.

I do enjoy so much having Philinda read your letters to me. I like to hear all about the farm and the rationing and all that sort of thing. My father isn't much of a letter writer and so your letters help a lot to keep me in touch with what goes on at home. You know I haven't

been in the U.S. for well over three
years now, and there certainly have
been a lot of changes since then.

I guess Philinda has written
you all the news that's fit to write,
so there isn't much more for me to
say except that I am doing everything
possible to keep her happy. So far
I have succeeded pretty well, I think,
and we are just two little love birds.

With love and best wishes,
William
