Bellefontaine, Ohio
- L. M. KRIEG
Secretary
Newark, Ohio
- RAY E. LORING
Manager
Vandalia, Ohio

August 25, 1943

Dear William:
 Every year you are the recipient of a note from this exciting place & this year will be no exception. Needless to say, you are surprised that the Grand is being held this year - we were - but they have a fine crowd though everyone feels it is a mistake. There are to be only three days - Wed, Thurs & Fri. - the end of the usual 10-day session. The weather has not been kind either & it is hotter than the proverbial place here.
 Dayton is a "madhouse" as you can imagine with all of the increased activity there. I may go in tomorrow & take a train for Newark because home is a much better place to rest than here.

TRAPSHOOTING — THE SPORT FOR PREPAREDNESS

Dear William:

Every year you are the recipient of a note from this exciting place & this year will be no exception. Needless to say, you are surprised that the Grand is being held this year - we were - but they have a fine crowd though everyone feels it is a mistake. There are to be only three days - Wed, Thurs & Fri. - the end of the usual 10-day session. The weather has not been kind either & it is hotter than the proverbial place here.

Dayton is a "madhouse" as you can imagine with all of the increased activity there. I may go in tomorrow & take a train for Newark because home is a much better place to rest than here.

At home everthing is progressing beautifully. Little Samba is still the apple of our eye & is a precious tan trimming.  also a deep bass voice. We don't need a burglar alarm with her in the house. Ned Lutz who gave Samba to us wants us to go back to Knoxville with him - & wouldn't we like to - they have a beautiful set up down there & I hope we can visit them again someday.

Melody finishes summer school this week & starts the fall term Sept. 1. - My school begins Sept. 7 - & if I ever dreaded anything it is that thought. We have 3 Cubans here at the "Shoot" & are having dinner with them this evening - can practice my very ineffective Spanish. Last year there were 5 here. Four Canadians are to be at dinner too - It is a wildly exciting life!!? - Lawrence is very busy - Bob Hughes who used to help him here has been promoted to a Colonel - which Bob well deserved. He is in the Pacific area.

We hope you and Philinda are in the best of health & happiness & we join in love & greetings Sarah -
