Dear Folks:

The Christmas Season is once more flying past and has been a very happy one for us.

We had dinner with the Bauman family and a very happy time. Papa Krieg is still here - hale & hearty apparently, missing nothing and enjoying the "hub-bub" - I never wrote that word before but there does not seem to be a more appropriate one -

collection has become a bit "viler" & more potent than even he can endure. The remains of your Christmas check left for us we used to finish a small bond so it is in a good place. The duplication of presents was unfortunate and we suggest that until you are both back in civilization you confine your gifts to mere notes or cards. At Christmas the material is such an inadequate expression of what one feels after all - pleasant to be sure but as long as you are so remotely located just

send us your love and thoughts - You know you have been very much present with us this Christmas season - It is our fervent hope that by some happy chance you can both be with us next year - a truly perfect celebration.

tottered back too soon & have been "relapsing" all vacation. Laurence has a remarkable constitution being able to get out & about after 2 1/2 days in bed. You can well imagine that he felt very low to spend even that time resting. Mel was the last victim & that was a contributing factor in her decision to forego the bright lights, concerts & parties of Washington. Her only regret was not seeing Carl & Hans Kindler - me thinks.

We send you our love & sincerest wishes for the New Year. Sarah would be Philinda's snaps

P.S. You sent via me
 for Xmas - to Leonard & Mary some water glasses
 to match some highball glasses we had sent them -
 To Aunt Vonnie hose & to Lillian a slip - To Aunt
 Maggie some Orloff rose petals with corresponding
 Cologne & to Jennie a milkmaid "bath mitt & powder
 mitt" - We rather like the Milkmaid toilet articles - especially
 the hand lotion. You gave Pat Bauman a slip & Johnny a bill
 fold - He is quite the young man - very suave
 for his age & quite good

looking - He works for
 Harry Arnold in his spare
 time & has his own money
 for most things - even
 clothes. Papa Krieg drew
 a dark red sweater 100%
 wool which he needed &
 he looked too "cute" (what
 a word & what a reversion
 to our small town vernacular)
 for words - with his white
 hair & jolly smile. L-323

 I supposed this was your
 list - Another year I
 think everyone will
 be happy with less of
 the material & a card or
 greeting with a picture
 of your own sweet selves.
 Better still - yourselves.
