24<sup>th</sup> February

[1944]

My dear Krieg,

I am so sorry that you are returning home under such sad & trying circumstances, but it is only temporary for as soon as you get back to the States with friends, relatives, a decent climate & good doctors your wife will

speedily mend & this will then seem just like a bad dream that has passed.

I wish you every success in your future career & hope that our paths may cross again some time.

Yours very sincerely,

A E Grantham
