Dear William:

Since recent turn of events you probably, as yet, have not received the letters from Havana, nor after our return home, but they will doubtless arrive in due time.

June 29

Your air-mail reached us yesterday, making very good time considering all the conditions and it is superfluous to say that we were not only happy but relieved to hear from you. To use a trite expression – you are assuredly having a wonderful experience! Nevertheless, that is the best

Dear William:

Your air-mail <sup>June 29</sup> reached us yesterday, making very good time considering all conditions and it is superfluous to say that we were not only happy but relieved to hear from you. To use a trite expression – you are assuredly having a wonderful experience! Nevertheless, that is the best

way to express it and I sincerely hope it will not become too unpleasant or uncomfortable.

We had a beautiful trip to Havana and your father enjoyed every minute of it - the only fly in the ointment was the intense, humid Havana heat. However, the boat was always delightfully cool on deck in the evening. We spent only 2 days at the Seville-Biltmore Hotel, which was a knock-out for dirt, inefficiency, old fashioned equipment. Then we returned to the Kungsholm which maintained

However, the boat was always delightfully cool on deck in the evening. We spent only 2 days at the Seville-Biltmore Hotel which was a knock-out for dirt, inefficiency, old fashioned equipment. Then we returned to the Kungsholm which maintained

constant tender service to the dock. The food & service were excellent and it was definitely cooler. The boat swung wide from the shore line, so that the 7 days on the water left the same impression as an ocean crossing.

We returned through Washington & brought Betty Lou with us.

She loves it here, is very devoted to Janie & they enjoy the country & swimming together. Betty can also indulge her domestic tendency in the kitchen & is Mrs. Shaub's efficient helper. She also goes to High School summer school from 8-10 every morning to take typing. I am tutoring Dick Hall in freshman German from 10-11

& also she joins in so I can give her a proper exam for 2 High School credits. I can never thank you for all you have done for her - but I think you appreciate how deep my anxiety was and I want you to realize how deep my gratitude is. Will you please tell me just how much I owe you (in \$ & ¢). Would you rather have your father deposit it for you here or send it to Italy? However, it would be difficult to repay in measure with my gratitude.

We are all well. Janie & Dick are enjoying the summer - your father is very busy as usual - but not thinner as a result. He looks & feels fine - we only ask that you take good care of your own self & realize that we are thinking about you.

Love,

Sarah
