

June the 28

P-103

Dear Mary

To day finds me in very good health & I hope you & the dear little ones are enjoiing the same blesing It does me good to know that my letters are interesting but I am afraid you will be disapointed in the last one that I wrote but nevermind I will try again It has been cooler here since the rain & this afternoon looks like rain & is sprinkling some There has been no frost here althoug the nights have been cool I am glad that William is getting a long so well with the work.

I have kept short diary of what has transpired on the back of this sheet Yo
can see by reading it
