Dear Ninnie and Bunk:-

How nice of you to send me that lovely tie for my birthday. I have a gray suit that it just goes fine with, so I am very glad to have it. My birthday as a whole went off very quietly, although I didn't forget about it like I did last year. I did have some trouble remembering whether I was going to be 18 or 19 until I counted back to 1913 and found out. Your package came Monday and Tuesday I got a package from home containing a dress shirt, tie, studs, and cuff links. I had to have these things because the initiation banquet was formal. In addition, there were some cookies and a nice letter from Betty saying she couldn't

nurse, had left. My profs. gave me a couple  
of 10 minute quizzes, and I think this completes  
the list of presents.

I have been very busy this week  
getting initiated into the fraternity. The  
first event was Wednesday night when we  
had to take an exam on the history of  
the fraternity including the names of the  
original founders. The society is one of the  
oldest in existence, being started in 1842.  
It is next to the oldest in Dartmouth, the  
other older one being started earlier in the  
same year.

Thursday night was the tough time. We had  
to go up to the house at 10 o'clock in the  
evening taking with us a sheet, a pillow  
case, and piece of rope, and a box (large). When  
we arrived, we were told to cut eye holes  
in the pillow case and a circular hole in  
the sheet to put our heads through. Then

north, Pompanoosuc, and bring back the station sign to prove we had been there. We found there were about 16,686 ties in the seven miles between Norwich and Pompanoosuc, and starting at midnight it took us just two hours each way to make the trip. We couldn't get the sign loose so had to bring back a Western Union telegraph sign instead.

Friday night was the formal induction ceremony and banquet at the Outing Club house. The meal was good and the speakers tolerable. Now I am a full fledged member of Kappa Kappa Kappa, and very glad to have it all over with.

Well, I hope you are all well and that the climate is better than it is around here. Give my regards to the Daniels and all the other folks.
