5/4/32

Dear Daddy:-

Well, here it is time for the old expense account again.

As I indicated in my March, I did not have to draw any money from the bank during the first part of April. Here is the full account:

4/21/32	to Dartmouth College	for Room deposit	\$10.00
4/30/32	Campion's	Sweater	3.50

The balance on April 1 was \$162.26. Deducing the 13.50 spent this month, there is now \$148.76 in the bank. I paid my room rent with the check Mother sent. The bill was \$90.00 so that left me \$10.00 to run on for a while. I try to save as much as I can. As you know, I never take any week ends or anything, and this is a big saving as lots of the fellows spend a lot of money going to Boston and Montreal. My old green sweater that I had at home and Aunt Mamie mended for me has gone through the sleeves again, and I didn't think it worth while to have it fixed again as it had already been mended three times in the same place. I bought a tan sleeveless sweater at Campion's which ought to do well for the coming warm season. At any rate, I will not be worried about the sleeves wearing out.

I think I said in my last letter that Bob and I had signed up for the same rooms again. So did Dick Muzzy, so it looks as if we would be together again next year. Francis is going to room over

in Middle Mass. His room here is on the north side where he never gets any sunlight, so he is going to move. The deposit fee of \$10.00 is required when you sign up for your room.

I have looked up the scholarship aid business, and I am sorry to say that I'm sure there's nothing in it for me. In the old days they used to give aid to worthy people who had fairly good grades, but now you have to be a pauper to get any help. Bob went over to get the blanks and I looked them over. I don't think you'd care to have to fill them out as it would be quite embarrassing. They investigate all your financial affairs very carefully, and they never have anywhere near enough funds to go around. They won't give anything if it is possible for you to stay in college any other way.

About the baseball rec. The reason I didn't take it is because they wouldn't let me. I am about 15 lbs. underweight, and my nutrition lady had recommended no exercise for me. So when I went down to the rec office to sign up, they man said I didn't have to take it. I'm sorry to have caused you all the trouble, but I had no way of knowing that I wasn't going to have to take it. As you said, it would have been very funny to see me trying to play baseball. The heat rash has been bothering me quite a bit since it has begun to get warm. I think I will have to go out to the clinic sometime when I have time. Well, give my regards to all the folks.

I hope Grandma and Betty are coming along.

William

I got B on the cit. exam. My numerical math was 51. 52 would have been A. Book got 49. My paper is being held for a possible revision, so I am in hope.

Bob's desk chair was gone to pieces. I got hand furniture so so good!
