Dear Daddy:-

Your letter and the check arrived this morning. Thanks very much for the money; you know I will put it to good use. I got along better financially this week than I expected. As you may remember, I sold my skis to a freshman before Easter for \$5.00, but he did not pay then. I got after him and he paid up.

I hardly know what to think about the pool business. I think I will take your advice about writing to Lawyer, but I don't think it will do any good. If you can't see Guy or the Mayor, why don't you drive out to the Pool some evening ~~xxxxxxx~~ after supper and talk to Rudy? He ought to know something about it. As you know, I wrote to him, but I have received no answer as yet. After all, perhaps the situation is not so bad - they didn't send me any official notification last year; it just happened to appear in the paper. I talked to Rudy when I was home last, and he said that everything was O.K. as far as he knew, although at that time he didn't even know whether he was going to be back there again or not. I think we can trust Rudy to do the best he can.

One of the reasons I think it would be better for you to see Guy if possible is that if it were absolutely necessary I might get home Monday the 11th. This would be very hard, because I am supposed to be in charge of the light crew back stage in ~~Tox~~/lanthe, and if I left they would have to break in someone new at the board, which would be hard as the work is complicated and there are only a few rehearsals. Furthermore, I wanted to stay up and move my furniture up to the house. This will save a storage bill from the College.

Then you know I get \$1.25 a day while I am here, so it isn't costing anything in the way of food. I was planning to leave here Sunday the 17th, the play being presented Saturday night. In that way I would be ready for work Tuesday June 19. If you should find out that that date is too late, but that I could only keep the job by coming home a week earlier, let me know right away, best by telegraph, and I can start making arrangements to get someone to take my place on the light crew. I don't need to say that I have been counting a lot on staying up this year, but of course if it is a question ~~of work or no work, I would take the work.~~ I know this is a lot of trouble for you, but I'm sure you want me to get the job, and I honestly think you can do much more on the spot than I can from here. It means a lot of money gone if I don't get it.

I had my first final yesterday afternoon - my history honors course. It was two hours oral, and believe me it was plenty hard. I am giving a review in history 2 in connection with a tutoring school they started here. Unfortunately, only one fellow is taking it, so I am only getting about \$3.25 out of it. If we had gotten four to six fellows, it would have been a profitable thing for me. Mother's letter hasn't arrived yet. Naturally I am very busy with my finals and this tutoring, so if you do not hear from me again, you will know why. Please pull every string you can on this pool business. Give my love to all the folks.

Love,

Don't go without telling me - H.
