Dear Mother:

Just a brief note to tell you how glad I am to hear that the job is all set. The assurance from Rudy is all I need. I guess I have been worried about nothing, but I am surely glad to find out. And thanks so much for the money!

Eddy spoke to me about riding home in Wilson's car, but he dropped in yesterday (for the first time this year, I think) and said that Rolly has decided to drive home himself after Commencement. Eddie is now looking for a ride earlier himself. I will come on the train, leaving here Sunday June 17 and arriving at the usual time on Monday. That ought to beat your Cedar Point trip by a day, although I suppose it will disturb your packing some. I'm glad that you are to have

 a vacation, however short, this year; you  
 deserve it, I'm sure. (U-100 p 2/2)  
 So sorry to hear that you are having  
 a rash. I certainly hope it won't prove  
 to be a constantly recurring thing like mine.  
 It bothers me a good deal in this kind  
 of weather. The last few days have been  
 cloudy, and we had thunder showers  
 Saturday evening. As a result it isn't  
 so hot now, and much better for study.  
 I have an exam. Wednesday, another Friday  
 and the last and hardest on Saturday.  
 The next week I will be working on Iolanthe  
 every evening, but will have the days free.  
 Perhaps I can take a sun bath and get  
 some preliminary tan. After Wednesday,  
 the 14<sup>th</sup> I will be at the house, as  
 only Seniors can stay in the dorms after  
 that. Well, I must get down to work again.  
 I will write to tell Rudy when I am arriving.  
 Yours with love,  
 William.
